

# 24/7 national coverage service

The ACT Logistics collection process is fast and efficient and can be made on a one off or scheduled basis throughout Australia.

With nearly twenty years experience in disposal services and the associated logistical processes our team of dedicated professionals will assess your freight transport requirements and have your equipment collected from site, on time and on budget.

ACT Logistics provides:

- Highly competitive rates
- Australia wide service
- Collection services 24/7
- We take any IT product in any condition
- There are no minimum / maximum quantities for collection
- The equipment does not have to be "boxed"
- We can package, palletise and wrap all equipment
- We can manage the whole process
